What will you do if you find you are no longer able to care for this animal for any reason?

Animal Protectors of Allegheny Valley asks that you think seriously about the decision to adopt a dog or cat and take the following facts into consideration:

- Pets can live 15 years or more. Are you willing to provide a home and care for this pet for its lifetime? It can take 1-3 months for any new pet to integrate into your home/family.
- Pets need annual veterinary visits for physical exams and to up-date immunizations and rabies. The visits can cost up to \$200. You can be fined if your pet does not have a current rabies shot.
- Accidents and illness can occur at any time and you must be able to cover the cost of vet bills. Are you willing to provide this care to your pet?
- Dog licenses must be renewed annually or you can be fined.
- Dog owners must have control of their pet at all times. You must obey the leash and animal control laws of your community.
- Animal Protectors endeavors to find the best match for all of our animals. Therefore, adoption applications may not be approved on a "first come, first served" basis. We reserve the right to refuse any application.

The signature below confirms that this applicant consents to Animal Protectors of Allegheny Valley performing the following: Inquire with the landlord to assure pets are permitted; Confirm with veterinarian on the status of current/past pet's immunizations, if altered and receiving proper care; Property check.

The information submitted on this application is true. I have read and fully understand the above information.
